Property Description

This genuinely unique turn-key home is situated nicely overlooking the Rio Baru and is surrounded by lush jungle. The house is a short five-minute drive to the quaint town of Dominical, with its famously consistent surf break and a two-minute walk to the Rio Baru. The entire home was artistically built by a North American craftsman to the highest standards and was tastefully updated by the current owner. The top floor is the home's main living area with an open-concept kitchen and living room design. The main bedroom is adjacent to the main living area, allowing easy access during nighttime or a daytime siesta. The home's top floor also offers privacy and unparalleled viewing of flora and fauna from the wraparound deck and pool area directly adjacent to the old-growth jungle. The bottom floor was also recently updated and offers a separate private living area with a full kitchen, two full bathrooms, and a bedroom with two beds.
