Property Description

Terrazas del Mar farm is located in the hills of Santo Domingo, an exclusive community that overlooks the bay of Samara and Carrillo Beach. This 18-hectare plot has access to electricity, water and other amenities. Because it is located on the access road to Santo Domingo, it is ideal for residential development, luxury villas or the sale of large lots. It has two sections, the lower part and the upper part of the farm, all of them with impressive views of the Pacific Ocean and surrounding mountains. It is an excellent investment opportunity that is rarely seen in the market due to the topographical ease of the place and access to it. You also have the possibility to buy a smaller part of lot up to 10.000 sqm in the upper part and up to 5000 sqm in the lower part. The price varies depending on the location and the size. It has all its documentation up to date and is ready for development. Financing possibilities are offered.
