Property Description

This one-of-a-kind residence was built with meticulous care and attention to detail. This amazing property was built from the ground up, and no cost was spared. Upon arrival, you'll find a large, single-story, visually beautiful house surrounded by a green garden full of organic fruit trees, coconut palms, and exotic tropical flowers. The freshly built home's high ceilings, exotic marble and granite stonework, and skilled construction will wow anybody who steps inside. Two bedrooms with vaulted ceilings and two beautiful modern tile and marble baths follow the open, commercial-grade kitchen. Your attention will immediately be drawn to the beautiful outdoor shower complex upon exiting the Colonial-style steel doors. Envision being in a remote area that is nonetheless conveniently close to downtown amenities. Only a short walk will take you to the world-famous "Whale Tail," as well as the beautiful Chaman and Hermosa beaches.
