Property Description

Amazing property of 72 acres looking up the Terraba River basin, which is the Costa Rican Amazon River teeming with flora and fauna! House sits on a knoll surrounded by primal forest and a super private location. The property offers multiple building sites with the ocean and mountain views. Options are abundant with either enjoying the home for personal use, or converting it into an educational center for biologic, marine, plant medicine and other nature studies. There are pockets where food forests can be planted. This is a true legacy and collectors item for those into collecting unique and fine properties!!
