Property Description

The Montebello Condos are located in the Altamira Community, just above the Marina, in the most exclusive neighborhood of the resort. Montebello is very special in that it is only home to 24 units situated within 4 buildings, a unique situation which affords exclusivity and a peaceful atmosphere. With gorgeous infinity pools that plunge one down into the other via crashing waterfalls, each building has its own, making it feel as though the pool is nearly private. The condominiums are 3 bedroom, 3 bath floor plan with 2,550 square feet. They have custom designed wood cabinetry in the kitchen and the bathrooms is some of the most well crafted in all of Los Sueños. With only few units in the community, you will rarely be bothered as you look out across the resort and relax in the cool waters of the three pools Altamira features. The open concept kitchen flows into the dining and living areas, which feature floor to ceiling sliding glass doors that open on to an expansive, covered deck.
