Property Description

Completed in mid 2023, sporting 6 bedrooms and 7 bathrooms, Villa Zest brings upscale Scandi-style luxury to the home with its tasteful use of wood (for the custom furniture and stair details), glass (for invisible railings), beige stone Travertine floors and counters, and light woven soft furnishings all balancing the gorgeous cement finish. Its precise, clean lines and natural tones are complimented by the sparkling blues and greens of the ocean views, the décor is minimalist and elegant. With a total of 5489 sq. feet of indoor living space and another 3153 feet of under roof open air living space, Villa Zest's elevation offers uninterrupted views on all levels of the Pacific Ocean, its coastline and Punta Catedral of Manuel Antonio National Park. This villa is on Pacific Canyon Drive, walking distance best restaurants, cafes, and amenities. You enter the home from the elevated parking area via a formal antechamber leading to the first two bedrooms plus full laundry room, a large balcony, and a shared bathroom.
