Property Description

You will be on top of the world – this lot offers clear views of the Pacific Ocean including Cano Island, Terraba River and mangroves framed by lush valleys, farms and jungle covered hills. Turn around and the towering 1,300 metre (4,300 foot) coastal mountains amaze with their nearly vertical slopes, old growth jungle ridges and giant seasonal waterfalls. Clouds and mists often meander between their peaks and down their valleys, creating a surreal experience. A quick walk will bring you into the jungle and a magical crystal mountain river with multiple swim holes and burbling rapids that create a truly mesmerising ambience. Jungle animals like macaws, toucans, capuchin and howler monkeys, oropendolas, mesmerising blue morpho butterflies and many others make the surrounding forests their home – they will be your new neighbours! This peaceful, quiet and nature-infused environment is hidden from the hassle and bustle of the local hot spots but just a short drive away from all the services, amenities and attractions you can imagine.
