Property Description

Living in the Lap of Nature in this Architecturally Built off grid Solar Home in the Jungle you will spend your days more connected, more present, and more creative than ever. The setting is unique, you will enjoy a bright and stylish living while being able to merge with nature. This Property has been tastefully furnished and superbly equipped. The living quarters include three structures connected by covered walkways. The 2-story main house features an open-air flow living room, dining room and kitchen on the top floor with top of the line appliances, with a garage, storage area, and workshop below, each at 1100 square feet. On a Lower level the elegant Master Suite and Guest Suite offers a remarkable modern decor each one with a walk-in closet: The bathrooms and outdoor showers connect to the superb terrace with spectacular views to the forest. Both Rooms are furnished with high-quality furniture and Maximum airflow allows rooms to stay cool and dry.
