Property Description

Casa Meraki is a Modern Tropical 3 bedroom, 3 bath home and Casita which checks all the boxes and so much more. It's also why Location! Location! Location! is so important. In the Coastal Ballena area, where the jungled covered mountains meet the sea, it is most desirable to have sweeping ocean and sunset views, a private mountain jungle setting, and easy access to the area's most abundant amenities and most beautiful beaches. Casa Meraki has all of these and so much more. This front ridge property is at an elevation of 420' feet overlooking the world-renowned Marino National Park, aka The Whales Tail. It's a short 2-minute drive to the heart of Uvita where you'll find fabulous restaurant options (we are known as the culinary capital of Central America), a 3-minute drive to Urgent care, the grocery store, bi-weekly farmer's markets, and a short drive to all 7 of the area's most beautiful beaches.
